

SIGHTSEEING FROM THE AIR

Sightseeing from hot air balloon

Welcome to the wonderful and exciting world of Hot Air Ballooning. We are operating with 2 balloons for personalized flights for up to 5 passengers. Ballooning is a wonderful opportunity for photography, we recommend that you bring two cameras, one for you in the basket, and one for the friends on the ground, the same applies to video cameras.

Wear sensible outdoor shoes, clothing and gloves (natural fibers are recommended for ballooning but high heels are not) a hat or a cap is recommended.

After the landing the passengers and their company will share a celebratory bottle of champagne which will be broached to celebrate their induction to the exclusive band of people who can call themselves 'Aeronauts'.

We return all passengers to the launch site and back to hotel.
