- Jelasnica Gorge** is a natural rarity located 15km from the city and 3km from Niska Banja. Although small in size, 2km long, it has been proclaimed special nature reserve due to its peculiar flora and natural beauty. Here you may see creations in stone, such as dolomite columns, resembling teeth, kneeling figures and windows. Moreover, the gorge hosts over 65 endemic and subendemic plants, some of which are very rare – such as Ramonda Serbica and Ramonda Nathaliae. In addition to the beautiful rocks and rich flora, there is also a waterfall Ripaljka here, along with the remains of a Roman fortification.

Price: 10 € per person

- Sicevo Gorge** represents a fascinating part of the canyon of the Nisava river, located on the road to Sofia, at the end of the final slopes of Mt. Svrlijske Planine and Mt. Suva Planina. Situated 14km away from Nis, it is 17km long and divided into two parts: the higher and lower gorge. The gorge also boasts two hydroelectric plants constructed in the early 20th century. If you visit the village of Sicevo, you may enjoy the breathtaking view of the gorge below. This village is also famous for good wines, and every summer the oldest art colony in the Balkans is organized here. It was first established by the painter Nadezda Petrovic. Having in mind numerous natural beauties and rare flora available only here, in 2000 the authorities proclaimed Sicevo Gorge a special nature reserve.
